

REIMBURSEMENT POLICY

Compensation volunteers

Board of directors

Some board members are compensated for travel costs, while others have chosen to take on their own travel costs. None of the board of directors receive attendance fees or other forms of compensation.

Scientific Advisory Committee

Members of the scientific advisory committee are compensated for travel costs only. None of them receive attendance fees or other forms of compensation.

Compensation management

The day-to-day management of the institution is outsourced to a Dutch management company that specialises in non-profit management. The management fee is reviewed and agreed upon annually by the board of directors. Only travel costs outside of The Netherlands are not included in the management fee and are paid for by the institution.
