

INDIVIDUAL PARTNERSHIP

Commitment form

**WATER
REVOLUTION
FOUNDATION**

Driving sustainability in
the superyacht industry

Water Revolution Foundation aims to significantly reduce the footprint of the superyacht industry and help preserve the world's precious oceans. This can only be achieved through collaboration. Individual partners are people active in the superyacht industry or part of the superyacht community that endorse the mission and support the foundation in order to accelerate sustainability together. By joining Water Revolution, you agree to align your own activities with this mission, support the work of the foundation and encourage your wider yachting network to do the same.

The financial contribution for individual partnership starts at €25 per year, but may be more.
