

VERIFIED SOLUTION CERTIFICATE

Hempaguard X7 anti-fouling

The Water Revolution Foundation (WRF) stamp is awarded to the specific solutions Hempaguard X7 anti-fouling by Hempel A/S, affirming their reduced environmental impact over their entire life cycle and therefore being more sustainable.

The reduction in environmental impact was ascertained by performing a comparative LCA study between the products under review and their mainstream version at the time of release.

The verification was carried out by WRF in cooperation with third parties on the basis of data provided by the company.
